

B-17 for WINGS OF WAR/DAWN OF WAR

B-17 for *Wings of War/Dawn of War* is a scenario for 2-9 players, recreating a bombing mission by the Allied player using the B-17 Flying Fortress against the defending Axis player using the Bf-109 fighter.

OBJECT OF THE GAME

The B-17 player must fly to the designated target, bomb the target using normal Dawn of War bombing rules and then withdraw off the board. The Axis player defends by destroying or driving off the bombers before they reach the target.

NUMBER OF PLAYERS

In this scenario there can be a maximum of three Allied players (three B-17s) and a maximum of six Axis players (six Bf109s).
